A rumble between two teen-age gangs led to a shooting and mauling incident which injured two teen-agers along Nuñez Extension yesterday.

Police identified the victims as Fadzrifar Sahisa Ahajad, 17, a resident of Baliwasan Seaside and Abdurahman Sabdani Amil, 19, a student of a private college in the city.

Initial investigation showed that the two were riding a motorcycle along Nuñez Extension when they figured into a misunderstanding with another group of young men.

As they were arguing, one of the members of the rival group took out a handgun and shot the two victims.

The two victims sustained bullet wounds in their body and were rushed to two hospitals.

The suspects, meanwhile, scampered off towards different directions after the incident.

Police said that the victims are already in stable condition as of press time. (Dan Toribio)
