

A radio technology student of a local university was shot and wounded by his neighbor in Barangay Taluksangay yesterday morning.

PO3 Excel Maravilla, case investigator, identified the victim as Jaafar Abubakar, 31. He sustained a bullet wound in the stomach and was rushed to the hospital for treatment.

Maravilla Abubakar was shot by Hussin Jauhari, a businessman of the same place.

Initial investigation disclosed that Jauhari discovered some slight damages in his brand new motorbike that infuriated him

Jauhari took his .45 caliber pistol and went to the road and challenged anybody to a gun duel.

Abubakar passed by considering their houses are near each other, and while Jauhari was shouting the former turned his face to him.

Thinking that Abubakar accepted Jauhari's challenge, he immediately aimed the gun at the former and shot in the stomach.

Jauhari escaped after the incident while Abubakar was rushed to the hospital for treatment. – Dan Toribio Jr.
